

SUNNY-EBI Multi Systems Ltd.

...Promoting Local Content in the Nigerian Oil and Gas Industry

Skidding Operation in Progress

BACKGROUND

SUNNY-EBI MULTI SYSTEMS LTD (SEMSL) is an indigenous private company in the oil and gas industry providing cost-effective, high quality, safe and reliable integrated services.

SEMSL provides services such as Marine Logistics, Consultancy Support, Marine Construction, Civil Engineering Works, Supply of Drilling and Manufacturing Equipment, Dredging, Heavy Duty Lift using Self Propelled Modular Trailer (SPMT), Skidding, Environmental Management, Supply of Petroleum Products and Storage, Seismic Data Acquisition/Interpretation, Surveying and Geological services

SEMSL has strategic alliances with both local and international companies including SARENS BUILDWELL.

Incorporated in 2001, SEMSL has evolved into a world class service company driven mainly by quality and service delivery. Our knowledge of the local Nigerian market puts us ahead of the competition.

DIVERSITY

Operating in diverse markets, SEMSL has developed into a specialist marine logistics solution provider with maritime expertise in the following areas; Offshore Exploration, Petroleum Products transport and Storage and Engineering Services (Construction and Civil works).

SEMSL retains its diversified capabilities by providing the right vessel(s), tools and equipment to meet its customers' needs.

INNOVATION

SEMSL innovative logistics solutions accelerate performance for customers in a sustainable way. From our experience of past projects; working with our partners, we provide a platform to utilize innovative methods and best management practices.

HEALTH, SAFETY AND ENVIRONMENT OUR FOREMOST PRIORITY

SEMSL identifies safety and health risks within the oil and gas industry. We understand that chemicals and end products associated with Oil and Gas production are well known to pose serious Safety and Health threats to the workers and the environment.

SEMSL has a functional Health and Safety program and emergency response process that is fully committed to eliminating the risk of major hazards that could cause the lives of workers in the oil and gas industry.

OUR SERVICES

SEMSL provides a wide range of services in Oil and Gas, Marine logistics and Construction sector. With excellent project management capabilities, SEMSL is able to provide services for large turnkey as well as smaller projects. SEMSL is an agile independent business and can respond to customers' specific requirements. We are able to provide bespoke and cost effective solutions to fast track projects. Our oil and gas services cover the entire terrain from land operations, conventional offshore to subsea deepwater operation.

MARINE LOGISTICS / OFFSHORE VESSELS

Special Transportation Services/Operations

With fleet of vessels, highly trained and experienced crews and full technical support team, SEMSL coordinates its resources to deliver a comprehensive range of high-quality and cost effective services.

SEMSL supports any phase of Offshore Exploration Project.

SEMSL operates large fleet of offshore vessels consisting of Anchor Handling Towing & Supply vessels (AHTS), Platform Supply Vessels (PSV), Crew/Security Boats and Accommodation Work Barges performing conventional duties such as;

- Towing and anchor handling
- Positioning and mooring drilling rigs
- Offshore Personnel Accommodation and Hotel Services
- Transportation of fuel, water, drilling fluids, cement, brine and mud
- Transportation of deck cargoes, and
- General Offshore support functions.

SECURITY SERVICES (SECURITY EQUIPMENT/ DEVICES. PIPELINE SURVEILLANCE, ARMED GUARDS)

SEMSL is licensed under the Private Guard Companies Act to provide private guards.

We operate a fleet of security vessels to support our Clients' operations offshore with Armed Personnel for onshore and offshore deployment duties.

HEAVY DUTY LIFT

SEMSL provides heavy duty lifting services using Self Propelled Modular Trailer (SPMT) and Skidding units.

Heavy Duty Lifts projects executed to date includes:

- > Loadout, Transportation and Installation of CPF 1,2 & 3 From Daewoo Fabrication yard Warri to installation site Otumara For Daewoo Nig. Ltd and SPDC 2014
- > Loadout of MOBIL Jacket from Niger Dock Lagos to Mobil field Offshore Nigeria from Niger Dock, November – December 2011.
- > Loadout of TOTAL USAN Platform from Niger Dock, to TOTAL USAN Field, August 2010 – November 2011.
- > Loadout of CHEVRON EGT modules with ALE Self Propelled Modular Transporter (SPMT) from NPA Warri to ESCRAVOSKBR/SGC, June 2009 – March 2010.

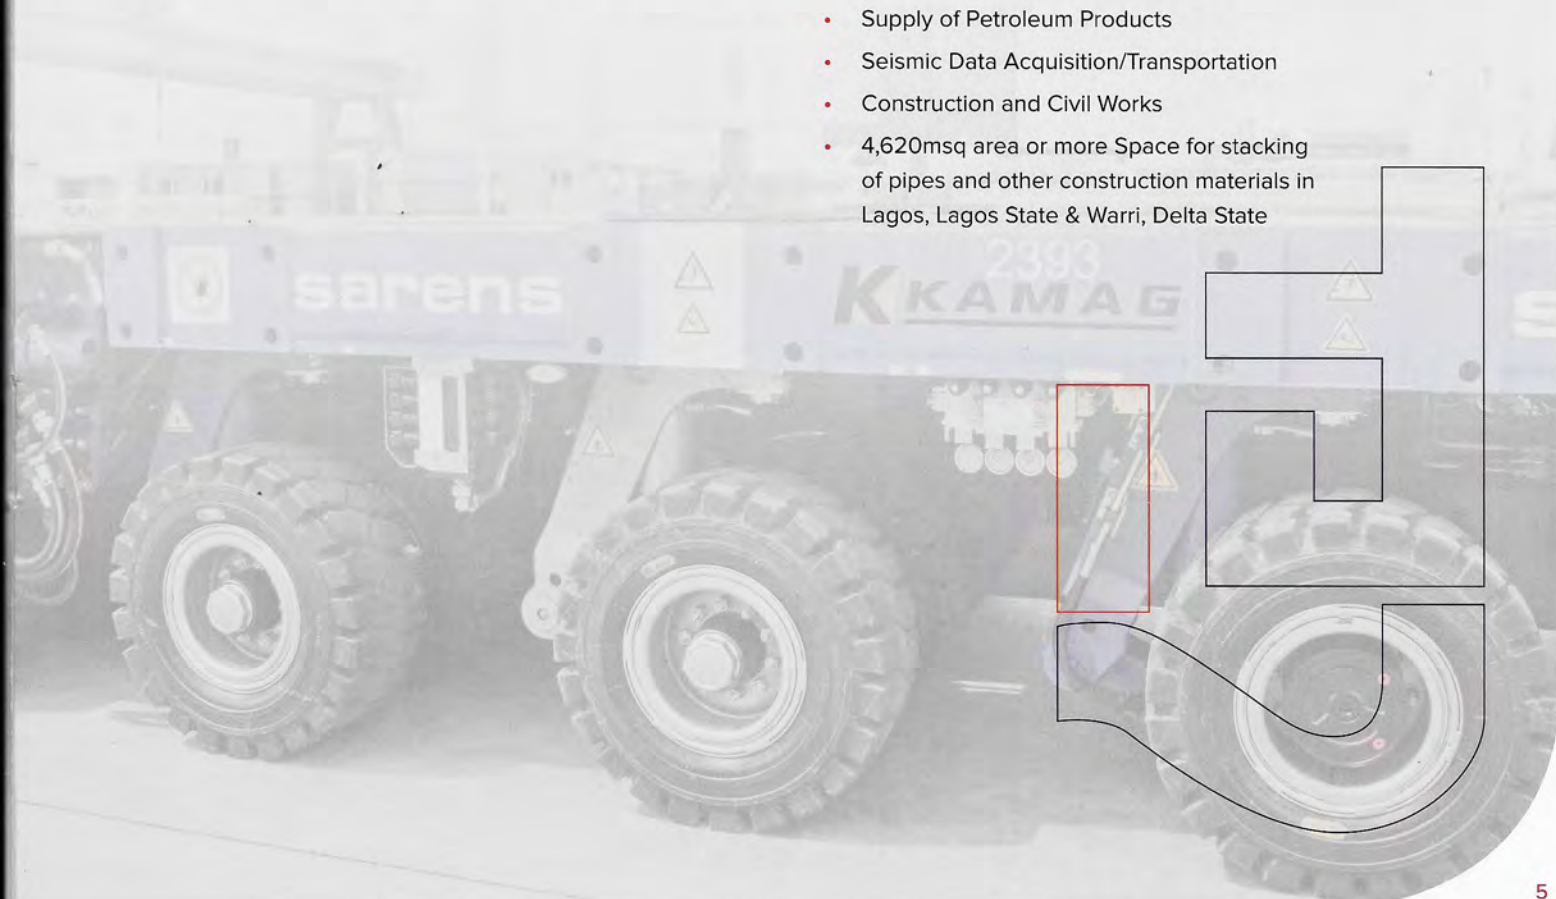

CONSULTANCY SERVICES – MANPOWER SUPPLY

SEMSL provides direct manpower assistance to projects. We have a pool of very competent and experienced personnel so they are able to focus on quality service delivery. SEMSL also provides integrated project management services, helping our clients to manage other subcontractors.

OTHER SERVICES

We provide other services such as,

- Dredging
- Supply of Drilling and Completion Equipment including OCTG
- Environmental Management
- Surveying and Geological services
- Supply of Petroleum Products
- Seismic Data Acquisition/Transportation
- Construction and Civil Works
- 4,620msq area or more Space for stacking of pipes and other construction materials in Lagos, Lagos State & Warri, Delta State

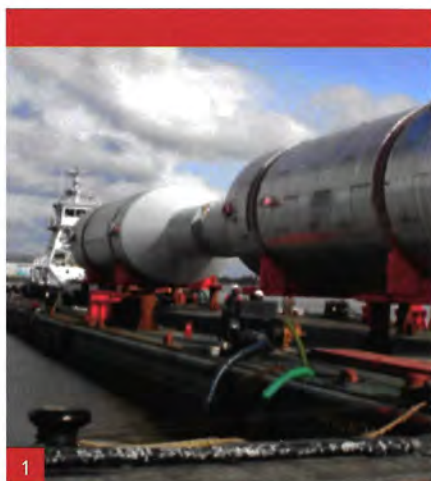

OUR PROJECT CASE STUDIES

**LOADOUT
TRANSPORTATION
OF CHEVRON EGP3
MODULES (M66, M76,
M80) FROM NPA WARRI
TO ESCRAVOS TANK
FARM -2008.**

- 1 Positioning of Module on barge with SPMT
- 2 Towage from Warri to Escravos
- 3 Load Out operation with SPMT in progress at the point of fabrication onto a 2000 tons ballastable barge.

**TRANSPORTATION AND
LOAD-OUT CHEVRON
NIG. LTD EGTL PRESSURE
VESSEL WITH ALE SELF
PROPELLED MODULAR
TRAILER (SPMT) FROM
NPA. JUNE 2009 -
MARCH 2010**

- 1 Deballast Operation after load out
- 2 Load out operation with SPMT
- 3 Movement into position prior to load out with SPMT

MARINE
TRANSPORTATION
OF SHELL CONCRETE
BARGE FROM BONNY TO
SHELL IA OGUNU WARRI
2009.

- 1 Barge en-route: Shell IA Ogunu Warri from Bonny
- 2 Vessel on Tow
- 3 Towage of Shell concrete barge from Bonny to Shell IA Ogunu, Warri.

LOAD OUT OF MOBIL
JACKET FROM NIGER
DOCK IN LAGOS TO
MOBIL FIELD OFFSHORE
NIGERIAN WATER WAYS -
NIGER DOCK, 2012.

- 1 Load out operation with SPMT
- 2 Load out operation from Quay Side to Barge with SPMT

CONSTRUCTION OF
GENERATOR, MUSTERING
AND 1500 TONNAGE
BARGES FOR DAEWOO
NIG. LTD. TUNU PROJECT
2013.

- 1 Construction of Barges for Daewoo Nig. Ltd. - Tunu Project.

MOVEMENT OF BARGE KH-A1 FROM WARRI TO ESCRAVOS TANK FARM AND MALU FIELD, CHEVRON OFFSHORE LOCATION.

- 1 Skidding Operation in progress.
- 2 Preload Out positioning and staging with SPMT.
- 3 Sea going vessel on tow from Shell IA entrance Ogunu to SPDC installation site, Otumara.

Deck Engineering, barge mooring, ballasting/deballasting and deck management for module M66, M76, M80 transportation from Warri to Escravos Tank Farm.

OTUMARA NODE FOR DOMESTIC GAS PROJECT LOAD OUT, TRANSPORTATION AND SKIDDING INTO POSITION OF CPF 1, 2 & 3 FOR DAEWOO NIG. LTD. AND SPDC, JUNE - Dec2014.

- 1 Skidding Operation in progress
- 2 Preload Out positioning and staging with SPMT

Secure suitable barge for river transport, design load spreading barge reinforcement, design fender and mooring piles, load out of CPF modules by means of SPMT, transport modules in three cycles, provide Armed Security Escort for entire duration, skid all three Modules into foundations pile caps, design of barge stability and ballasting systems, design sea-fastening and grillages, design of linkspan bridge guiding positioning and mooring systems.

A cumulative total of 53,090 man-hours was expended without any recordable Incident (LTI Free).

HSE incentive plan implemented.

Obtain FTO & the principle of giving back to host community implemented, hence not even a bullet was fired by Armed Security during Module towage.

Equipment and SPDC HSE Pre-mobilization certificates obtained in record time.

No recordable community, security, Equipment failure nor adverse weather delays.
